

AZALEA ESTATES

ASSISTED LIVING
AND
RETIREMENT COMMUNITY

September 29, 2008

To Whom It May Concern:

It is my pleasure to recommend Detect & Protect Drug & Alcohol Testing Center to you in your business or your personal needs. For almost 10 years, Azalea Estates Assisted Living and Retirement Community serve the needs of over 80 seniors. With these residents' health care as our priority concern, it is critical to us that we hire good, quality employees who not only have a heart and compassion for seniors, but also employees who are drug free. Our excellent reputation in this area is vital to our success. Detect & Protect provides a very much needed service. They have always been easily-accessible, professional, efficient and accurate.

If Detect & Protect can meet your needs, I know you will agree wholeheartedly with me and will highly recommend to others.

Sincerely,

Penny Miller
Executive Assistant
